Volunteer’s Statement

As an ARISE Adaptive Design volunteer I understand that I will be expected to participate in a mandatory pre-build training consisting of construction techniques, safety protocols, and disability education. I understand that I will be working with tools that can potentially be dangerous to both myself and/or those around me, and I am expected to use the utmost caution when working with these tools. I further understand that the items I am helping to construct are meant to be used by other individuals. Therefore I will use my best judgment and great care to construct a product that is as safe as possible for its intended use, and is up to the standards that ARISE Adaptive Design has set.

I certify that answers given herein are true and complete. I authorize investigation of all statements contained in this application for volunteer service as may be necessary in arriving at a decision. In the event of acceptance for volunteer service, I understand that false or misleading information given in my application may result in discharge from service. I also understand that I am required to abide by all rules and regulations of ARISE.
