

Volunteers needed!

Are you an experienced skier looking for an exciting opportunity to give back? We invite you to be part of our volunteer-based program dedicated to spreading the joy of skiing.

ARISE & Ski provides ski lessons and activities to people of all ages and abilities at Labrador Mountain in Truxton, NY. ARISE & Ski makes dreams come true for children and adults living with disabilities who want to take on the snow-covered slopes at Labrador. The program provides adaptive ski equipment that helps people of all abilities meet the challenge of the slopes. Innovative equipment is available and used in the lessons with the assistance of instructors and our volunteers, who receive thorough training from PSIA certified adaptive instructors. SkiCNY lends incredible support to this inclusive recreation program.

Volunteer Applications: (An account will need to be created)
